

2018 Argentina G20 Young Entrepreneurs' Alliance Summit

The G20 Young Entrepreneurs' Alliance (G20 YEA) is a collective of organizations across the jurisdictions of the G20 that promote youth entrepreneurship as a driver of economic renewal, job creation, innovation and social change. Alliance members represent more than 500,000 young entrepreneurs. Each year, the G20 YEA brings together hundreds of the world's top young entrepreneurs to share their ideas with the B20 and G20 leaders to catalyse global change.

The 2017 Berlin G20 Young Entrepreneurs' Alliance Summit focused on *Digital trends for Future Business* where entrepreneurs discussed the affect of digitalization on business and society and how governments establish a digital infrastructure that will foster entrepreneurship.

The 2018 Argentina Summit will explore the relationship between education, the global economy and the future of entrepreneurship. Under the theme of *Entrepreneurship, Education and the Businesses of the Future*, the summit will look at the educational needs of present and future entrepreneurs, as well as the business opportunities in the education technology space.

Confederación Argentina de la Mediana Empresa (CAME) and CAME Joven invite you to join the G20 YEA Summit in Buenos Aires in September 2018. CAME is a business association that represents more than 600,000 SMEs across Argentina that employ more than 4M people.
